Over the past five years, each of the 9 houses or parks in this area have been developed, redeveloped or extensively renovated.

Property comprises Cheverly West (http://cheverlywest.com), which consist of a 3.5 acre planned development one quarter mile from the Cheverly Metro Station. Completion of site work is anticipated in the next 90 days with development of housing to commence shortly thereafter.

Area is seeing significant development, redeveloped and rebuilding of existing housing

MNCPPC & Torti Gallas are currently updating the existing Sector Plan to reflect mixed use development in close proximity to the Cheverly Metro and anticipate completing this update in mid or late 2017, and are hopeful of development occurring shortly thereafter.
